

ABYSS CENTRE DE PLONGÉE

SCUBA DIVING CENTRE IN FLIC EN FLAC

Assessed in August 2017 by
[Mauritius Conscious Travel](#)

PADI & CMAS certified Dive Center

Mauritian family-run business, still operating from the founder's home garage

Work with a traditional wooden boat crafted by Mauritian artisans

Outings to the sea limited to 9 participants at once to lessen their impact on the environment and maximize safety and interaction

Limit their anchoring to the minimum to avoid crashing corals. Instead, they attach the boat to buoys on the surface and lower divers with the help of weight belts

Committed to clean up debris in the ocean during their dives

Courses and dives include discussions on responsible tourism and guidelines to approach wildlife before every excursion
