

# YEMAYA ADVENTURES

KAYAKING, CYCLING & HIKING

Assessed in August 2017 by  
[Mauritius Conscious Travel](#)

Team of local entrepreneurs & guides

Certified Kayak Coaches by the [British Canoe Union \(BCU\)](#), Sea Rescue, First-Aid Certificate & Risk Assessment Training

Excursions aim to raise awareness of the natural and economic value of endangered natural places (springs of Roches Noires & Pointe aux Caves)

Encourage travelers to plant a propagule (mangrove root) in their excursions

Reef-friendly sunscreen included free of charge in their kayaking excursions

Encourage travelers to clean-up debris throughout their excursions by providing [My Green Trip](#) cleaning kits

Avoid overcrowding by giving up on dolphin watching since the activity became invasive and overpopulated

Offers typical Mauritian energy snacks produced in the immediate local area

Refreshments are offered in stainless steel cups to reduce plastic waste

Waste is collected, segregated and deposited for recycling in the [Mission Verte](#) tri-bins after every excursion

Collects rain water to clean equipment after excursions

Uses environmentally-friendly liquid to wash cups and equipment used during excursions
